It is never prudent to change pilots in a storm. Our good ship of state for nearly four years has been threatened with ruin and wreck. A hurricane of rebellion has been striving to drive her upon a lee shore, and the breakers have often foamed around her, but the pilot at the helm has kept her steady. Sometimes the storm lowering more dismal than ever, but he always faithful and true, and now when the force of the blast is almost spent—when the clouds seem breaking away, and the glimpses of sunshine are not few and far between, when the storm beaten canvas is filling with a favoring breeze and the good ship seems to ride the weather the headlands and [illegible] strike out upon the open sea, it is no time to distrust the hand that has held the helm.

There never was a mortal man [illegible] in the quiet spheres of private life or [illegible] birth among the rulers of the earth, that has been called upon to assume such [illegible] responsibilities and encounter such fearful opposition as has President Lincoln.

He assumed the control of this Government in times of revolution, when the [illegible] threatened [illegible] and the arm of the traitor was raised to destroy the life of the Government. He was called upon to [illegible] our armies, as well as [illegible] the affairs of State and if he [illegible] appreciate the magnitude of the rebellion [illegible] with sufficient force to quell it in the incipient stage, so did all others fail in like comprehension of the danger that threatened us as a nation and of the fratricidal hate that would content itself only with the destruction of the Union.

But time has passed on. The call first made for 75 000 men was responded to and was followed by others, until to-day near one million men [illegible] of them veterans in service are marching to the music of the Union, and winning the battle of the nation on every hand. Whatever inexperience was [illegible] first to-day. "To err is human," and President Lincoln was not superior to all others of his race; but history will picture a splendid [illegible], the history of the child of poverty and toil who literally worked his way up from obscurity to eminence and fame until placed by the will of a mighty people where ambition could claim no higher seat. He has ever remained the true representative of republican simplicity and of the people who placed him there, and one of whom he so essentially was. That the people have supported him as they perhaps would have supported no other man, is due in a great measure to their recognition of his identity with themselves, their confidence in his integrity and honesty, patriotism and common sense, and that confidence has never been taken or betrayed. To-day that feeling has increased, and the re-election of the man of the people is assured. The people are to be the judges of his [illegible] and they feel that the man whose judgment has placed such Generals as Grant, Sherman and Sheridan in command can surely claim their victories as his own, and his friends can at least rejoice when there comes to them over the wires news of victories won by the National arms, for Grant and Sherman and Sheridan are the most eloquent advocates of the Union cause. Our cause is the cause of the Nation; the cause of the gallant armies who are battling against treason, the cause of the gallant dead whose memory will be treasured forever.

McClellan is the standard bearer of a motley crew, the exponent of conflicting dogmas, and the last hope of an unrighteous rebellion. Southern treason has its success staked upon his success. Northern treason has chosen him as its representative, for unfortunately we have treason here, not as barefaced and far from being as brave as its southern ally, but full as dangerous and even more despicable than the generally more honest and certainly more courageous rebel who lends his life to back up his principles.

Every victory of the Union armies, [illegible] equally the death knell of the rebellion, and of the democracy. And any honest man who intends to vote for McClellan [illegible] must acknowledge to himself that this is the case, that he is in bad company, that as his cause is hopeless, and that the last ray of hope for the success of the Confederacy is vested in a despairing and fast disappearing trust in a Copperhead triumph the second Tuesday in November.

Whatever may be the private virtues of McClellan, his public career since his [illegible] campaign in Western Virginia, has been a [illegible] failure. It was wonderful with what [illegible] the finest army the republic had ever seen. It was more wonderful still to see with what [illegible] he waited for the rebels to fortify [illegible] before he proceeded to invest them. Most wonderful of all that he succeeded in wresting an army of 80 000 men from the clutches of 80 000 rebels [illegible] in the swamps of the Chickahominy [illegible] the banks of the [illegible] there is anything more wonderful than this [illegible] the unperturbed equanimity with which [illegible] check-mated [illegible] President [illegible] people [illegible] advice, [illegible] of slavery.

Charity [illegible] presidential candidate of the Chicago [illegible] avail, they will suffice to [illegible]

The Willamette Valley Railroad.

To-day the Willamette Valley is richer in fact and in promise than ever before. Everything the farmer raises now commands a premium over all former years while the favorable prices are met with full granaries, large flocks and herds and a solid appreciation of the fact that had the farming community remained at home and cultivated their farms instead of rambling through the mountains from Cariboo to California in the illusory search of gold we would have been a richer people, our cities would have been more populous and the country better filled up, public improvement would have kept pace with the growth of town and country, machinery, mills and factories would [illegible] and the State at large would have sooner reached the importance she is destined to fill.

The Willamette Valley Railroad Company [illegible] to the consideration of the people of the valley a matter of the utmost importance. It is proposed to build a railroad through the Willamette Valley, thereby to intimately connect the farming interests with the business center and to bring a market more nearly to the door of every producer.

For this purpose, Messrs. H. W. Corbett, W. S. [illegible] J. C. Carter [illegible] Ainsworth of Portland, and Messrs. [illegible] and J. H. Moores of Salem, have incorporated under the above name and title.

These names will inspire public confidence in the success of the enterprise. They combine in themselves an association of wealth, business talent, energy and character, not to be excelled, and full equal to the undertaking, if the people that are most particularly interested in the enterprise will come to their assistance.

It is understood that under the auspices of these gentlemen, books of subscription will soon be opened for the capital stock of the company.

If the people of the valley will respond to the [illegible] soon be broken and the work commenced and with its commencement a new era will dawn upon us.

This measure is important to all. East of the mountains a large population looks to the Willamette Valley for much of the necessaries of life and any enterprise that can furnish our agricultural products at less charges for freight to the point will be a welcome measure to the miner in the Blue Mountains, Idaho and Owyhee, where the [illegible] of life are necessarily so high.

Mr. Pyle as chairman of the committee on corporations introduced into the Senate a Bill providing aid for a railroad through the Willamette Valley which passed both Houses and has been approved by the Governor.

A synopsis of this bill reads as follows:

When a corporation shall be organized under the laws of this State to undertake such a road and two millions of capital stock shall be subscribed, one half by citizens of this State, whenever twenty miles of such road shall be completed, a tax of one mill to the dollar shall be levied by proclamation of the Governor, in each county of the State for five years thereafter, the proceeds to be applied to the payment of interest on money borrowed by such corporation for the construction of the road—not exceeding the sum of forty thousand dollars in any one year, and not to be used for any other purpose. The money so loaned shall be repaid five years after the last loan made by the State to the corporation, and the State shall remain a preferred creditor.

Such a measure was strongly recommended by Gov. Gibbs in his Message and the State stands ready to assist the enterprise to the best of her ability. It only remains for the people of Oregon to say whether it shall be consummated—to each subscribe something in proportion to his means to carry into effect an enterprise that will more than any other, add to the general as well as the individual wealth, to make the value of farms through the Willamette Valley more than double, to encourage industry and commerce, to benefit the producer and the consumer.

Portland is to be the northern terminus of the road and while her interests are most especially conserved, her capital can be relied on to the full proportion of her interest to assist the work along. Mr. Geo. H. Belden of this place is devoting his efforts to the accomplishment of the undertaking and we wish him all success while his reputation as a civil engineer recommends him as the proper person not only to assist the commencement of such an enterprise but to practically superintend it to its completion.

QUARTZ MILLS.—We learn by passengers from Owyhee that the quartz mills of the upper country are commencing to do some good work. The mills on Jordan Creek are not [illegible] all the silver they eventually will, but they are showing a yield of gold [illegible] remarkable and silver enough to make [illegible] Three mills were at work; the Ainsworth [illegible] mill was running [illegible] for the Crane & Driggs company and saving over $100 per ton [illegible] they not being as yet well prepared to save silver [illegible] & Co. were [illegible] quartz [illegible] Lake county [illegible] Rock [illegible] Lodge [illegible] near which he lives. BOILS.

WE READ THAT ONE OF the sorest afflictions that the patient Job was called upon to bear was that of boils and they have been found to be from that time to the present, the most troublesome and painful of visitors. We have known instances where individuals were sure to have these eruptions break out upon them once a month at least. They show an impure state of the blood, and that humor of some kind is lurking there, and the overplus of corruption is actually forced to the surface of the body, making its appearance in the form of Boils. Now is it not best at once to purify the system? Do you ask what will do this? We answer, Scovill's Blood and Liver Syrup. It is curing humors in every form, and there is not a State in the Union where it has not accomplished the most astonishing cures. CUSTOM HOUSE RECEIPTS.—The following table showing the receipts at the Custom House in Astoria from the 1st day of June 1861, to the 30th day of June 1864, have been furnished us for publication. The figures are interesting at this time, and will be valuable as a future reference, beginning with the tide of our prosperity and following up with the progress and development of our country. The increase in the receipts of customs will be very perceptible when Congress shall include Portland in the port of entry. Now the only traffic we have in foreign goods is confined to a few small crafts, with American bottoms, that happen to be lying within the reach of our Victoria neighbors, and the *Sam[illegible]*, an American vessel from the Sandwich Islands. The amount of imports the past season would have more than doubled, had the English vessels around Victoria been permitted to come to Portland. But they were not, and we have an example in the case of the river steamer *Mo[illegible]*, which was allowed to sink at our wharves last summer, that shows the delicate nature of the law which has kept from us the very best commerce in the world. Notwithstanding we have so far been deprived of having any ships but the American coasters visit us, there has been an immense rise in the receipts of the Custom House—from *twelve dollars and fifty cents* in June 1861, to *five thousand six hundred and [illegible] dollars and sixty cents* in June 1864—and there is no disputing the figures. We hope Portland may succeed in obtaining from Congress what she so justly merits, that the world may know the important position she has already attained. We have too much capital invested, too much at stake, to be longer neglected, and our citizens should be active and pressing in their demands for what they must have. The memorials passed by the last Legislative Assembly will convey to the halls of Congress the voice of the people of Oregon, and our National Representatives will do well to heed the call. We present the receipts of the Custom House as follows:

FANCY DRESS LEAP YEAR BALL.—The new hall, corner of Front and Washington streets, was illuminated for one of the grandest parties ever given in the city. It was planned and arranged under the supervision of a committee of ladies, and ladies did the "inviting," called for the gentlemen at their places of business, hotel, residence, or rendezvous, as the occasion happened. The gentlemen were also dependent upon their partners for a selection in the dance. The ladies actually held the reins, as they had a right to do, having all the bills to foot. There was a fine array of dress, but of a puzzling character of pretty faces we are unable to judge, for the ladies wore masks. The opposite was the case with the sterner sex. Some of the managers of the party were provided with two partners, so there was no lack of material for a partner with every dance. The supper was spread in the second story, and it was a sumptuous affair and what might be expected with a bevy of the accomplished ladies in Oregon to superintend it. It was indeed a handsome affair throughout, and we could not avoid this notice of it, which is perhaps a breach of promise.

MRS. JULIA DEAN HAYNE.—Mrs. Julia Dean Hayne left Oregon by the steamer for San Francisco yesterday. She has visited this State upon several occasions in her professional engagements, and has never failed of being well received, throughout the whole tour of her travel. On her late visit to Portland Mrs. Hayne was greeted by very large audiences, and she has fairly won the title of being the bright star of the Pacific coast among play goers. Her character and style as an actress is such as can at all times command the esteem of a community. Her friends are everywhere. Many an hour has been passed away very pleasantly in old Willamette Theatre, listening to her delineations of some of the most finely written parts ever put upon the stage, and we should regret her departure from us much more, did we not know that there was a prospect of her returning soon with another dramatic company.

SINGING "BLACK."—Not long since, some emigrants, blest with coppery proclivities, and hailing from "Piko," were wending their way through the rising town of Union, in Grand Ronde valley, with an intelligent (?) grey headed contraband in the train, very probably the last sable relic of the family chattels. A certain doctor, true to his Abolition instincts, hailed him from the steps of a saloon: "I say, Uncle, where did you come from?" "From Missory, Sah!" "Well, you are a republican, I suppose?" "No, Sah, de [illegible] blacks, dey got so bad down dah dat we has to leave. *I blongs to your party, sah; I does!*" The Doctor treated, and "Uncle" went on his way rejoicing, but the "goak" keeps well. The Union men of Grand Ronde valley had better keep an eye on that darkey, for fear the coppers of that region, in favor of the Wait-y argument in favor of "constructive residence" may try to poll his vote for Mc[illegible] & Co., some of these coming Tuesdays in November.

TREASURE SHIPMENTS.—The steamer *Brother Jonathan*, which was to have sailed for San Francisco at noon yesterday, was delayed until evening, and she probably carried the largest shipment of treasure that ever left Portland on one vessel. The report on the outside of this paper was made up before noon, since when the shipments by Wells, Fargo & Co. were swelled to nearly $500,000. Ladd & Tilton's shipment amounted to about $35,000, making about $1,000,000 will reach California, from the Northern mines" by the steamer that left us yesterday.

NEARLY A FIRE.—Yesterday morning as our carrier was distributing the papers on Front street his attention was caught by a strange light in a black smith shop, at the crossing of Jefferson street, and he entered the building just in time to prevent a destructive fire, which was kindling below one of the forges. He says he upset one or two of the troughs, but he does n't seem to think the "boss" would grumble about it.

JACKSON AND JOHNSON.—We are under obligations to our friend S. J. McCormick, of the Franklin Book Store, for a picture of our favorites Jackson and Johnson, who are now looking down on us in our work for the good cause. Much as we think much of them, but can afford to make a present of their visages. Now, we don't see that Mac, with his usual good sense, can ignore the excellencies of character, or can pretend to think that they will be elected.

THE RAFFLE.—The raffle for embroidery, which is held by Mr. Pierson, will come off this evening at the Agency, if all the chances are taken. The party winning the first prize will have the choice of taking the fine embroidered ladies' wrapper, or a Grover & Baker sewing machine. Holders of tickets should meet this evening as above.

FINE GOLD.—We have a small bar, assayed by Messrs. Goldsmith, from dust mined in Poker Gulch Idaho, that goes $17 68 to the ounce, which they say is the finest quality of dust they have ever tried out there. We would not mind if our Auburn friends would send us some of the same kind, or even of a little lower fineness.

ANY party having furniture for sale, or house furniture to let, are referred to advertisement.

AUCTION SALE.—Remember the regular Auction Sale of A. B. Richardson is to-day.

EXPORTS.—The Willamette Valley furnishes for California, [illegible], two hundred tons of flour, wheat, oats and barley, besides [illegible] of apples which were forwarded by steamer [illegible].

Portland, July 12, 1864. dtf

The first effect of a bilious climate upon the human system is to produce torpor and inactivity of the Liver, thereby preventing the natural and free discharge of bile. All know the lurking nature of the poison that produces Fever and Ague and its kindred diseases. A sallow complexion, capricious appetite, and occasional pain in the side, are often the only symptoms to warn of impending danger. The operation of Dr. Osgood's India Cholagogue is to counteract this miasmatic influence by producing activity of the biliary organs, and a healthy discharge of bile from the system.

Guard against imitation! Be sure that you obtain *Dr. Osgood's India Cholagogue* and you are safe. Sold everywhere. Sole Agents for the Pacific Coast,

Le Doyen's Sarsaparilla, Yellow Dock AND IODINE ALTERATIVE is the only remedy for invigorating a debilitated and broken down constitution. Persons of a scrofulous habit, suffering from impure blood, nervous trembling, impaired digestion, liver disease, lost vitality, should give this great blood purifier a trial. All rheumatic diseases, constitutional complaints and organic affections are radically cured by a steady use of this medicine. oct19d3m

Dr. Hostetter's Stomach Bitters.—The stomach is the fountain head of scores of diseases which infest the human system. Indigestion, bad enough *per se*, generates diarrhœa, dysentery, faintness, vertigo, palpitation of the heart, general debility, &c. Get rid of it, then, at once, by going through a course of
DR. HOSTETTER'S STOMACH BITTERS,
A palatable and refreshing preparation, which is surely relieves all complaints of the stomach and its dependencies, as the sunshine melts the snow. A course of the medicine may not perhaps be necessary. One bottle frequently accomplishes a complete cure.—Sold by all Druggists and dealers everywhere. oct11aw

"A Slight Cold," Coughs.—Few are aware of the importance of checking a Cough or "SLIGHT COLD" in its first stage; that which in the beginning would yield to a mild remedy, if neglected, soon attacks the lungs. *"Brown's Bronchial Troches" give sure and almost immediate relief. Military Officers and Soldiers should have them, as they can be carried in the pocket and taken as occasion requires.*

Dysentery.—For Dysentery and similar complaints of the Summer season, the PERUVIAN SYRUP has proved a remarkable preventive and cure. A Greenback Case.

HAVING been compelled to accept of Legal Tender Notes at par since the 17th day of December, 1862, for the rent of my buildings the Brick Store, corner of Morrison and Front streets, I feel compelled to announce for the benefit of the public at large, that

Jacob Mayer

Leased the building of me on the 17th day of February, 1862, for a term of years at which time there was no such currency in vogue, and it was understood the terms were CASH. Since the date above stated I have received the depreciated currency regularly under protest for the rent of the [illegible]

CITY OF PARIS STORE,

Making less than two fifths of the real amount said Mayer was to pay. He had secured the building at very advantageous rates, and even wishes now to comply with his contract, and pay in COIN would be getting the best bargain in the city. I think this statement to show the public what kind of a man he must be to take such undue advantage of the times to convert a few dollars to himself by LEGAL SWINDLING. The public can readily see what it costs to have such tenants.

Debility from whatever cause arising, may be cured; strength, in whatever manner it may have been wasted, may be restored by the use of this powerful and healthy invigorant. For indigestion and all its painful effects, bodily and mental, they are a positive specific.

A word to the Aged.

In the decline of life the loss of vital force consequent upon physical decay can only be safely supplied by some vivifying preparation which recruits the strength and spirits without entailing the exhaustion which is always the final effect of ordinary stimulants. We tender to the aged

FINANCIAL AND COMMERCIAL.

PORTLAND, Friday October 28th, 1864.

The pleasant weather of the month past has given rise to great activity in produce dealing, and the amount of freight forward for shipment is very much greater in the aggregate than for the corresponding month of any other year, and the prices paid for any kind of produce has been high. To-day business is less active and prices remain unchanged.

There is a demand for wheat, [illegible] of what is wanted for export, and buyers are offering to-day $1 40@1 50 per bushel.

Flour remains in demand at from $8 25 [illegible]

Oats remain unchanged [illegible] There is some [illegible] in market [illegible] ing 2½ and 3 cents per lb.

There was a speculative feeling [illegible] on account of an advance in the San Francisco market, and sales were made in the morning at 60 cents, during the day the price ranged from 50@[illegible] cents per dozen. The shipments per steamship were rather large.

Apples continue to arrive in increased quantities, and find very ready sale at prices ranging from [illegible] per bushel. We note the shipment of [illegible] for the Sandwich Islands, per bark *Cambridge*, which will sail on Tuesday, at prices [illegible] in advance of the above.

There is little doing in [illegible] and the general figures remain unchanged [illegible] at 18 [illegible] average about [illegible] cents per lb.

The exports of the month have been about 12[illegible] sea wise. The fact [illegible] demand [illegible] the best assurance the farmer can receive [illegible] and should inspire him to renewed exertions, to keep up with the demand.

We quote the jobbing prices of the Victoria market from the *Colonist* of the 24th:

Flour—$11 75@$13; Wheat—$4 50 per 100 lbs. Barley 2½ cents per lb.; Oats, 2½@2¾ cents. Bacon—Oregon, 25@27 cents. Hams—Oregon, 27@30. Butter—Oregon, 50 cents.

The San Francisco domestic produce market [illegible] stood as follows:

Flour—Superfine $9@9 75, extra $10@10 50. Wheat—Coast $3 62½ per 100 lbs, other kinds $3 50@$3 65. Oats [illegible] 3 cents. Potatoes—2[illegible] cents per lb. Wool—[illegible] cents. The sales of wool were for eastern [illegible]

The receipts of bullion from the upper Columbia by the Express of Wells, Fargo & Co. continue large, and the aggregate weekly receipts will not fall much short of $250,000. Their shipments per steamship *Brother Jonathan* to-day reach the sum of $240,000. A few parties outside of Wells, Fargo & Co. ship about $75,000. There must also be a large amount in the hands of passengers, of whom there are quite a number.

Proclamation.

STATE OF OREGON, EXECUTIVE DEPARTMENT,
October 24th, 1864.

WHEREAS, I have received a requisition from Major General Irwin McDowell, commanding the Department of the Pacific, acting under the authority of the War Department, for one regiment of Infantry, in addition to the volunteers now in the service of the United States, to aid in the enforcement of the laws, suppress insurrection and invasion, and to chastise hostile Indians in this military district;

Now, therefore, I, ADDISON C. GIBBS, Governor of the State of Oregon, and Commander-in-Chief of the Militia thereof, do hereby call upon the citizens of this State to organize themselves into companies sufficient to fill the foregoing requisition.

[L.S.] In witness whereof, I have hereunto set my hand, and caused the seal of the State of Oregon to be affixed. Done at Salem this 24th day of October, A. D. 1864.

ADDISON C. GIBBS,
Governor of Oregon.

Attest: SAMUEL E. MAY, *Secretary of State.*

The following is hereby promulgated: The plan of recruiting and organizing the above force, will be as follows, until further notice:

RECRUITING:

The regiment will be known as the First Infantry, Oregon Volunteers. The field, staff and line officers will be commissioned by the Governor. The State will be divided into districts, according to the number of persons in each district liable to do military duty. When such district has furnished its quota of men, there will be no draft in the same under this call. Each district will furnish one company.

Commissions will be issued by the Governor, to company officers, conditioned that they shall recruit their respective companies, and be ready to be mustered into the service, within a time hereafter to be named.

A company rendezvous will be established at some central point in each district, and, if practicable, all recruits will be retained there until the company is filled and ready to be mustered into service.

The State has provided, by law for the payment of a bounty of $150 in State interest-bearing bonds, payable in gold to each volunteer mustered into the service, in addition to the bounties authorized to be paid by the United States. (See statutes 1863-4, page 486.)

The wages of a soldier, in addition, are $16 per month, besides clothing, equipments, rations, and allowances, furnished by the United States. (See statutes 1863, page 662.)

ORGANIZATION.

The proper organization and strength of a regiment of infantry is as follows:

One (1) colonel, one (1) lieutenant colonel, one (1) major, one (1) adjutant (an extra lieutenant), one (1) quartermaster (an extra lieutenant), one (1) surgeon, two (2) assistant surgeons, one (1) chaplain, one (1) sergeant major, one (1) regimental quartermaster sergeant, one (1) regimental commissary sergeant and one (1) hospital steward. Ten companies form a regiment.

COMPANY OF INFANTRY.

One (1) captain, one (1) 1st lieutenant, one (1) 2d lieutenant, one (1) 1st sergeant, four (4) sergeants, eight (8) corporals, two (2) musicians, one (1) wagoner, sixty-four (64) privates, minimum and eighty-two (82) privates, maximum, besides the non-commissioned officers.

Musicians may be enlisted for each company, who will be rated and paid as privates.

To the County Officers:

Other States have filled with commendable promptitude every call that has been made upon them. The people have a very natural repugnance to a draft, under which every drafted man must serve or furnish a substitute. Under it there must inevitably be some cases of severe but necessary hardship. Opportunity is now given to avoid such a draft. The men are needed promptly, and every consideration of patriotism and of State, local and personal pride *requires that you commence promptly and prosecute vigorously the business of obtaining volunteers.* The officers of the State feeling the most earnest desire that their entire State should avoid a draft, appeal to the patriotic citizens of your county, through you who are their officers and legal and natural representatives. As guardians of their rights and of their honor, it is incumbent upon you to respond to this appeal by earnest and successful work. Call to your aid the assistance of the active and influential citizens of the county. Let every loyal citizen of the county understand, and, if possible, induce him to realize that he has an immediate and personal interest in the success of your efforts. If necessary, call meetings in your school districts and bring the matter home to every inhabitant. Funds will be needed to pay expenses, not provided for by law. Let subscriptions be circulated in each county for that purpose and preserve a record of the names of the donors among the archives of the county. In short, the Governor, upon whom the requisition is made, expects, and justly, that you will respond to this call upon you with an earnestness of purpose which shall insure success. Due notice of the districting of the State will be given as soon as it can be made.

ALLEN'S LUNG BALSAM!

The Remedy for Curing

CONSUMPTION, COUGHS, COLDS, ASTHMA, CROUP,

Diseases of the Throat, Bronchitis. Pains and Oppression of the Chest or Lungs, Difficult Breathing and all the Diseases of the Pulmonary Organs.

ITS ACTION IS EXPECTORANT, ALTERATIVE, SUDORIFIC, SEDATIVE, DIAPHORETIC AND DIURETIC, which renders it one of the most valuable remedies known for curing diseases of the lungs. It excites expectoration and causes the lungs to throw off the phlegm or mucus; CHANGES THE SECRETIONS AND PURIFIES THE BLOOD; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect, that IT IS WARRANTED TO BREAK UP THE MOST DISTRESSING COUGH IN A FEW HOURS' TIME, if not of too long standing. IT IS WARRANTED to give entire satisfaction even in the MOST CONFIRMED CASES OF CONSUMPTION. IT IS WARRANTED NOT to produce costiveness (which is the case with most remedies) or affect the head, as it contains no Opium in any form. IT IS WARRANTED TO BE PERFECTLY HARMLESS to the most delicate child, although it is an active and powerful remedy for restoring the system. THERE IS NO REAL NECESSITY FOR SO MANY DEATHS BY CONSUMPTION, when ALLEN'S LUNG BALSAM will prevent it, if only taken in time.

Sold by all Druggists. Price $1 per bottle.

OYSTERS! OYSTERS!

Louis McMurray & Co., Baltimore.

THE ATTENTION OF THE TRADE IS PARTICULARLY requested to the above favorite brand of Oysters. Messrs. McMurray & Co. claim to be the only firm that still adheres to the plan of opening the Oyster in its raw state, by hand, thus preserving intact its native delicacy and flavor. The superiority of this method over the one in general use, of steaming the Oysters in bulk in order to open them, whereby the natural liquor is lost and a manufactured one has to be substituted, is apparent, and recommends itself to all who have given this brand a trial.

The undersigned are receiving fresh invoices by each arrival of clippers from New York, which they offer to the trade on favorable terms.

From the army hospital—the bloody battle-field—the mansion of the rich and humble abode of the poor—from the office and the sacred desk—from the mountain top, distant valleys and far-off islands of the ocean—from every nook and corner of the civilized world—is pouring in the evidence of the astonishing effects of DRAKE'S PLANTATION BITTERS. Thousands upon thousands of letters like the following may be seen at our office.

HAVEMEYER MANSION, FIFTY-SEVENTH STREET,
NEW YORK, August 2, 1863.

DR. DRAKE: Your wonderful Plantation Bitters have been given to some of our little children suffering from weakness, and weak lungs with most happy effect. One little girl, in particular, with pains in her head, loss of appetite, and daily wasting consumption, on whom all medical skill had been exhausted, has been entirely restored. We commenced with but a teaspoonful of Bitters a day. Her appetite and strength rapidly increased, and she is now well. * * * Respectfully, MRS. O. M. DEVOE.

* * * The Plantation Bitters have cured me of a derangement of the kidneys and urinary organs that has distressed me for years. It acts like a charm.
C. C. MOORE, 254 Broadway, N. Y.

etc., etc., etc., etc., etc.

The Plantation Bitters make the weak strong, the languid brilliant, and are exhausted nature's great restorer. They are composed of the celebrated Calisaya Bark, Wintergreen, Sassafras, Roots, Herbs, &c., all preserved in perfectly pure St. Croix Rum.

S. T.—1860.—X.

Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, &c., deserve to suffer if they will not try them.

They are recommended by the highest medical authorities, and are warranted to produce an *immediate* beneficial effect. They are exceedingly agreeable, perfectly pure and harmless.

NOTICE.—Any person pretending to sell Plantation Bitters in bulk or by the gallon is a swindler and impostor. It is put up only in our patent log cabin bottle. Beware of bottles refilled with imitation deleterious stuff, for which several persons are already in prison. See that every bottle has our private United States Stamp over the cork unmutilated, and signature on steel plate side label.

IODINE WATER.

IODINE WATER IS THE MOST IMPORTANT DIScovery of the [illegible] chemistry, and it is impossible to over-estimate its importance as a remedial agent. Iodine has been considered the most useful article in Materia Medica, and [illegible] of the most scientific and practical chemists [illegible] have investigated its effects upon the human system. It is to act upon the

HEART,
LIVER, KIDNEYS,
DIGESTIVE ORGANS AND GLANDULAR SYSTEM,

and to have great control over

SCROFULOUS AFFECTIONS.

Notwithstanding the skill and ability which have been devoted to its investigation, it remained almost useless, until Dr. Henry Anders, a physician and chemist of New York, after years of patient labor and experiment, discovered a chemical process [illegible] to dissolve

PURE IODINE IN PURE WATER,

without a solvent. This considered impossible by the scientific world, is attested by certificates of analysis from Dr. James R. Chilton of New York, and Prof. Booth, U. S. Mint, Philadelphia. The importance of this discovery was so highly appreciated by the Faculty, that it was published in the Medical Journals and its use recommended to practitioners (see "American Medical Monthly," July 6, 1856, [illegible]).

This valuable medicine is now available to the public for the cure of Scrofula in all its manifold forms. Consumption, Cancer, Heart, Liver, and Kidney Diseases, Rheumatism, Neuralgia, Nervous Affections, Dyspepsia, Bronchitis, etc.

AS A TONIC

Its operation is evinced by strengthening the digestive organs and increased nutrition of the body is the result of the employment of Iodine. The patient recovers flesh, strength and color, hitherto pale, relaxed and feeble, he becomes full, strong and florid.
